

# Hullabaloo U Peer Mentor Spring/Summer Training Overview

All Hullabaloo U Peer Mentors are required to complete trainings as part of their role. This document will provide an overview of what those modules will cover.

For each topic, Peer Mentors will go through Kolb's Experiential Learning Cycle:

1. Concrete Experience – doing / having an experience
2. Reflective Observation – reviewing / reflecting on the experience
3. Abstract Conceptualization – concluding / learning from the experience
4. Active Experimentation – planning / trying out what you have learned

## Topics:

- Hullabaloo U Facts and Contexts
- Defining a Peer Mentor / Building our Why
  - Roles of a Peer Mentor
